

Scotts Valley has grown,  
and we're using more water  
than we used to...

Dear Water District Community,

The Scotts Valley Water District Board of Directors would like to cordially invite you to participate in our monthly meetings. We are asking you to share your ideas, thoughts, and concerns about any water issues. Join with us to help protect and preserve this most critical resource, our aquifer.

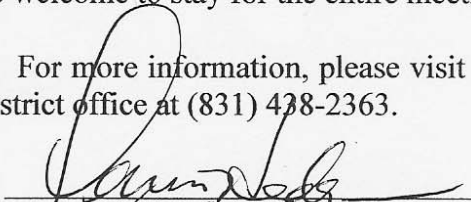

May is Water Awareness Month. Given our low rainfall this year, we are asking for 10% voluntary water conservation savings and also for your input on helping our community get through the long hot summer.

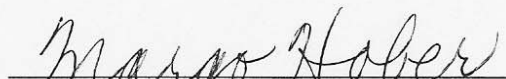

Come and see your Water Board in action. Board meetings are on Thursdays at **7:00 p.m.** in the Board Room at the District office, located at 2 Civic Center Drive. Upcoming meetings will be held:

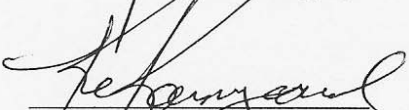

**May 17<sup>th</sup>      June 14<sup>th</sup>      July 12<sup>th</sup>      August 9<sup>th</sup>      September 13<sup>th</sup>**

Time is set aside at the beginning of each Board meeting for public comments, and the public may also comment on each agenda item as it is considered by the Board. You are of course welcome to stay for the entire meeting or free to leave at any time at your convenience.

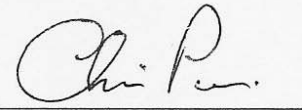

For more information, please visit the District website at [www.svwd.org](http://www.svwd.org) or telephone the District office at (831) 438-2363.
