

## Scotts Valley Water District

Water-Smart

# Landscape Challenge

CALL FOR ENTRIES

Santa Cruz County's most creative and innovative landscape designers are invited to enter the Water-Smart Landscape Challenge to develop a sustainable, water-efficient garden for the Scotts Valley Water District Office.

## WINNING DESIGN AWARDED CONTRACT FOR DESIGN AND INSTALLATION

The winning landscape design will promote water conservation and education, as well as highlight the creative potential of water-smart landscape principles. This is an opportunity to educate customers of Scotts Valley Water District on sustainable landscaping and water-efficient gardening. The winning design will be installed at the Scotts Valley Water District Office. Help show the community how to create beautiful outdoor spaces and preserve our precious aquifer.

Water-Smart Landscape Challenge Request for Proposal  
can be found at [www.svwd.org/index/Landscape\\_RFP](http://www.svwd.org/index/Landscape_RFP).

The deadline for entry is August 20, 2010, 2:00 pm
